Allowable Subject Matter

1. Claims 1-27 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or fairly suggest a charge transfer path, in combination with all the other elements claimed, comprising: a plurality of transfer electrodes formed on the insulating film and traversing the channel region, the transfer electrodes having an overlap structure that end portions of adjacent transfer electrodes overlap to define a plurality of border lines of the channel region, and defining a plurality of charge transfer sections partitioned by the border lines in the channel region, wherein each charge transfer channel region includes a region where a plurality of charge transfer sections are juxtaposed along a direction perpendicular to the extension direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
